Education

B.Tech - Computer Science Engineering
G.H. Raisoni College of Engineering (9.56 CGPA)   (2022 - Present)

Profile

As an engineer, my true passion is tackling intricate challenges and driving forward-thinking solutions. My background encompasses successful project execution while harnessing my abilities to facilitate productive teamwork. Beyond my professional duties, I volunteer to teach children, which has enhanced my aptitude for explaining complex concepts in a straightforward and impactful manner.

Work Experience

Volunteer Teacher | Renovatio   (January 2024 - April 2024)

- Volunteered as a teacher at Nutan Bharat School for 4 months, developing and delivering engaging lesson plans.
- Fostered a positive learning environment and enhanced students' academic performance and critical thinking skills.
- Provided individualized support and mentorship to students in subjects such as Math, Science, and English.
- Organized extracurricular activities and educational workshops to encourage holistic development and student engagement.
- Collaborated with fellow teachers and school staff to develop curriculum improvements and share best teaching practices.
